PROFILE

I am a Third Year Computer Engineering Undergraduate at Savitribai Phule Pune University and currently studying at Dr. D. Y. Patil Institute of Technology, Pimpri, Pune. I am a technology enthusiast. I have completed one month internship at The Sparks Foundation as a Web Development and Design Intern. I am currently looking for internship opportunities where I can put my skills to use and contribute towards making a change.

Projects:

1. Spotify music player clone (Pure HTML, CSS and JavaScript)

2. A snake game (Pure HTML, CSS and JavaScript)

3. An interactive news website (ReactJs)

4. Text-Utils App (ReactJs)

Please take a look on my GitHub profile for many other interesting projects:https://github.com/adityapadwal

Career Objectives:

• Seeking the role of a Software Engineer where I can contribute towards the organizational goals through my programming skills and knowledge acquired by pursuing a degree in Software Engineering.

• To become a successful expert in the field of Technology by channelizing my technical knowledge and skills to ensure personal and professional growth and to contribute to the prosperity of the organization.

I present myself a person, who would definitely prove to be useful to the organization with this skills set, hard work and efforts. I hereby declare that the details and information given above are complete and true to the best of my knowledge.
